Ah, taku iako...

Dan solidarnosti
s lopovima!

SOLIDARNOST JE TIMSKI RAD

Protiveći se politici sile i taktike

Močvara je naš jedini dom

LJUDI NE PRIMJEĆUJU
LJUDE! ČOVJEK JE ZABORAVIO
NA ČOVJEKA!
SUOSJEĆAJNOSTI JE
SVE MANJE,
SOLIDARNOST JE
OBESMIŠLJENA!

ANGELIC UPSTARS

SOLIDARITY

all the Polish workers fight to make their stand and behind them every honest working man in unity there's each other and your friend becomes your brother and in the tyrant's heart will be a lesson learned

Give them hope, give them strength, give them life Like a candle burning in the black of night We are with you in our hearts and in our minds And we'll pray for our nation through its darkest times

I know that your hearts are made of a further kind and a riot stick won't kill your piece of mind You can fight with all the spirit that you possess because your fight is a struggle that is blessed

Give them hope, give them strength, give them life Like a candle burning in the black of night We are with you in our hearts and in our minds And we'll pray for our nation through its darkest times

The tyrant has no smile upon his face 'Cause he knows that in his mind he's in disgrace Remission of you will take his breath away Until we come and we will have our day Give them hope, give them strength, give them life Like a candle burning in the black of night We are with you in our hearts and in our minds And we'll pray for our nation through its darkest times

As the Polish workers fight to make their stand And behind them every honest working men Join hands with your brother And then you can help each other

„Sociološki pojam solidarnosti nerazdvojan je od suvremenih politika solidarnosti. One čine skup javnih postupaka, akcija i nastojanja koji izražavaju i reguliraju društv. solidarnost, a polaze od toga da je solidarnost stanje u kojem članovi društva imaju obveze jedni prema drugima.“
